Course Information

Course Title and Number: PS/LSAT 122
Term: Spring 2020

Violation Information

Description of Violation: The student copied word for word from sources directly in to question two of his PS 122 final with no attempt to cite the work. The first question of the exam did not have any honor code violation work in it. The student pled responsible to the violation of academic dishonesty and both the student, professor and Co-Chair deemed this case suitable for an informal resolution.

Agreement Information

Date of Agreement: 06/11/2020

Description of Sanction: The sanction agreed upon was failure in the second question of the final exam. Since the final exam was only two questions this means failure on 50% on the final exam for PS 122.

The respondent understands that this agreement counts as their first violation of the Honor Code, and reports of any subsequent violations will be required to have a full hearing before the Honor Board. Any subsequent violations of the Honor Code could lead to serious consequences, including separation from Knox College.
